

# Map of North America

1. Label Greenland and color it green.
2. Label Canada and color it red.
3. Label the United States and color it purple.
4. Label Mexico and color it orange.
5. Label each of the five Great Lakes and color them blue.
6. Label the Atlantic Ocean, Pacific Ocean, and Gulf of Mexico.
7. Place a compass rose on the map, indicating the four cardinal directions (north, south, east, and west).
8. Do you live in North America? If so, draw a dot where you live and label it.
